

12th Ward

Ward Mission Plan

Through Ministering efforts each Quorum and Auxiliary Group prays to find souls in the Ward boundaries that we can be more Christlike towards and help them feel the spirit and come unto Christ.

Goals:

- Less Actives: Reactivate ___ Members during 2019
 - We will create the list of these potential members through the EQ and RS presidency efforts. Presidencies will record the names we wish to keep track of to continue to fellowship.
- Non Members: Find ___ Non Members during 2019 for Full Time Missionaries to teach
 - Establish a list of potential names through fellowshipping, home and visiting teaching, and through planned activities (Begin our focus on Part Member families). Work with Full Time Missionaries to start teaching.

Activities:

- Ward Activities
 - Neighborhood Walk-Abouts: Special Invite to Focus Group
 - Summer Parade/Breakfast & Christmas Party/Nativity
- Quorum and Auxiliary Group Activities
 - Specifically Invite Focus People

Training:

- Youth: Teach Importance of Missionary work and how they can gain a testimony of mission work, as well as be more effective teachers.
 - Youth Mission Week
- Adults: Help adults be more effective missionaries through Sunday RS/EQ Lessons, Teacher Council and Ministering Interviews.

Retention:

- Talking to people we aren't familiar with at church by welcoming them to help retain those that we may not know are falling.
- Getting to know new people that show up to church: find and talks with them and help them come to the next hour.
- Following up with those people who are less actives, let them know we miss seeing them and make sure they have a chance to fulfill assignments.
- Make sure people that don't have weekly Sunday callings are still attending Sacrament meeting and Sunday School, EQ or RS.
