

Driver's License (Utah)

The Utah Driver License Division

The Utah Driver License Division has more than doubled the number of languages in which residents can be tested for a driver's license. The languages currently offered are Spanish, Tongan, Vietnamese, Mandarin, Portuguese, Arabic, Swahili, Dari, Ukrainian, Korean, French, Tagalog and Somali. Those wishing to take the test in a language other than the current 13 can bring a translator to the test but must pay for that translator on their own.
