

Immigration

Local Programs

Here are programs to help on the pathway towards citizenship:

- Hands-on Immigration Law Experience: [NOMAS Learn About Immigration](#)
- Elevate Utah - <https://my.nicheacademy.com/centrohispano> low cost online Citizen Preparation course

Nonprofit Legal Services

There are a number of low cost and no cost immigration legal services available throughout the state of Utah. Each one has their specialty and availability. A good starting point is with NOMAS as there is NO COST for their legal support. If they are unable to help the immigrant, they will make a recommendation if one of the other organizations are better able to serve them. (Details on NOMAS below)

Refugee Justice League

The Refugee Justice League of America (League) is a group of attorneys and legal consultants who will defend the Constitutional rights of refugees who have been discriminated against on the basis of religion, ethnicity or national origin. The League is founded on the premise that refugees have a right to feel welcome, and to be treated with dignity. League members want refugees to know that they have friends willing to defend their right to live peacefully in their new homeland, maintain their cultural preferences, and practice their religious devotions openly without restrictions or harassment. At a minimum this is what it means to live in America.

Members of the League will teach classes to and speak to groups of refugees so that they will better understand and appreciate their rights in America. And they will reach out to communities where refugees live to make sure everyone living amongst refugees will understand why everyone deserves to be treated with dignity. They will support legislation to help secure the rights of refugees. They will join with leaders in the refugee community in an effort to promote mutual respect and understanding. Members of the League will encourage refugees to share their powerful, moving, and compelling stories.
